LED DUAL SNOWFALL MAGIC STRING LITE 120 029-675

Description:

"The **Dual Snowfall Magic String Lite®** stands out with its unique arrangement of small, sparkling light clusters, consisting of 120 patented LEDs over a length of 2.5 meters, elegantly attached to the carrier cable. Arranged in groups of four, the LEDs achieve exceptionally high luminosity, enveloping their surroundings in magical light that appears even more voluminous compared to the standard String Lite. The special feature of this light chain is the innovative **Snowfall Fade Effect®**, available in warm white and brilliant white (with black cable). Thanks to the innovative **QuickFix™** system, up to four of these light chains can be easily connected. All products in the QF family are compatible, offering you limitless design possibilities for both indoor and outdoor use.

Decoration possibilities:

This light chain is perfect for transforming trees, railings, or fences into a magical display. The sparkling lights create a romantic and dynamic atmosphere, turning every visit into a magical experience.
