SPECIFICS

Dual Color: warm white & white #fdf4dc & #f5f5f5 - The motif has 7 Segments (hair, head and dekoltee = one segment, every arm, every leg with the trousers, the belt and the shirt) - The motif should be controlled with a Show Time Box ST 2 Lite - Please use white mesh inside for the shirt and the legs (trousers) - Please use gold mesh for the rest of the body (head, hair, arms) and also for the belt - Please use dual colour ww/wh for the shirt and the trousers (legs) - Please use static Stringlite ww for the head, hair, belt and the dekoltee - Please plan the alustring by the belt a little thicker so that we can see a clear separation between shirt and trousers - The ballet shoes are made out of alu with no light (like by the ballerinas) - Please plan thicker bars inside the motif for a better standing on the pedestal - The size of the guy should fit to all the ballerinas what we have (622-810, 622-809 and 622-808) so they also can stand next to each other
